Charlot Store 65 sqm with around 4m ceiling height

Located in one of the most famous streets of the Marais, a stone's throw from rue de Bretagne and the Marché des Enfants Rouges. The nearby Café Charlot also attracts a clientele of regulars and occasional strollers.

The store (65 sqm) has been designed and renovated to accommodate your ephemeral events. It benefits from natural light thanks to the presence of white Marais stones, accentuated by a **4m ceiling height** and reinforced by its two **10 meters long store windows**.

The choice of white paint from floor to ceiling has transformed it into a real showcase accentuating its exceptional visibility and thus highlighting the products presented. Careful professional lighting increases this brightness.
